

Lab Manager

About Us

Fast Genetics is a leading North American-based pig genetics company with a global reach. We provide breeding stock and innovative genetic solutions to pork producers to assist them in providing healthier food and using fewer resources in an environmentally sustainable way.

Opportunity

Fast Genetics is currently seeking a highly motivated person to fill a **permanent full-time** position as a **Lab Manager**. The successful candidate is ideally based in **Middleton, WI**. The Lab Manager will utilize a solid foundation of basic laboratory techniques and experience, such as flow cytometry and sperm physiology.

This position will include the following responsibilities and day-to-day functions, but is not limited to:

- Arrive on time and communicate with all team members in a professional manner.
- Operate and maintain sorters and analyzers for research projects.
- Perform Karyoflow for Fast Genetics commercial boars and industry partners.
- Participate in research projects with sexed semen with emphasis on sterility and semen quality.
- Perform daily job duties to include sorter startup, calibration, sort setup, and shutdown. In addition, sorter cleaning, sterilization, and bacterial testing.
- Use sterile techniques at all times to avoid contaminating any laboratory areas, samples, or instrumentation.
- Use various software applications, such as spreadsheets, relational databases, email, internet, statistical packages, and graphics packages to assemble, manipulate, and/or format data and/or test reports.
- Use and comply with universal safety precautions to protect self and co-workers from biohazardous materials.
- Exhibit proper handling of potentially hazardous chemical and biological agents and/or radiation sources in the workplace.
- Monitor inventory levels and proper storage of materials and supplies in accordance with established policies and procedures.
- Maintain lab notebook for research projects.

The successful candidate would ideally possess the following experience and qualifications:

- High School diploma or equivalent. Bachelor's Degree preferred.
- 2+ years' related experience or equivalent education.
- Strong attention to detail.
- Ability to work any shift, including evenings, nights, and weekends.
- Proficient knowledge in Microsoft Excel, Word, Access.
- The successful candidate must be eligible to travel outside of the US and Canada as travel may be required.

What we offer

- Dynamic, challenging work for talented individuals.
- A competitive salary.
- Comprehensive benefits package including a 401K.
- Inclusive work environment.
- Wages will be based on the successful candidate's experience and qualifications.
