

Maintenance Manager

Fast Genetics is currently looking to fill a permanent full-time Maintenance Manager position. The successful applicant will oversee the entire maintenance department in Spiritwood, SK and report directly to the Operations Manager.

This position will include the following responsibilities and essential job functions:

- Coordinate the day to day operations of the maintenance department,
- Prioritize work order completion based on urgency and work with barn managers to ensure the provisions of safe, timely and efficient service,
- Complete routine repairs and preventative maintenance ranging from heating and ventilation to plumbing, welding, carpentry, and troubleshooting several assets,
- Travel to various locations in the Spiritwood area,
- Assist in coaching and developing team members on matters regarding job requirements, SOPs, biosecurity, and health and safety,
- Ensure proper operations and maintenance of all barn equipment,
- Maintain a parts inventory sufficient to quickly respond to routine problems and assist in inventory counts,
- Responds to ER situations and work on an on-call rotation as required for after hour call outs.

The successful candidate should possess the following qualifications:

- Effective time management with a clear focus to attain results,
- Able to manage priorities and solve problems,
- Self-motivated and reliable,
- Demonstrates strong leadership skills,
- Strong troubleshooting skills,
- Demonstrates a strong technical sense and understanding of equipment operations and maintenance,
- Shares in Fast Genetics core values.

The salary range for this position is from \$60,000-\$80,000. Travel costs and/or housing allowance are negotiable if the successful applicant does not reside in the Spiritwood area. Fast Genetics also offers a comprehensive benefit plan including health, dental/ortho, vision, disability, group life insurance, and a registered pension plan.
