

Maintenance Supervisor

Are you a leader? Do you enjoy getting your hands dirty and have a knack for fixing things? Are you an excellent problem solver with leadership abilities? If yes, Fast Genetics has a full-time career opportunity for you; overseeing the work of our Maintenance Technicians throughout their assigned barn locations.

This position will include the following responsibilities and essential job functions:

- Coordinate the day to day operation of the maintenance team,
- Prioritize work order completion based on urgency and work with barn managers to ensure the provisions of safe, timely and efficient service,
- Complete routine repairs and preventative maintenance ranging from heating and ventilation to plumbing, welding, carpentry, and troubleshooting several assets,
- Travel to various locations in the Spiritwood area,
- Assist in coaching and developing team members on matters regarding job requirements, SOPs, biosecurity, and Health and Safety,
- Ensure proper operations and maintenance of all barn equipment,
- Maintain a parts inventory sufficient to quickly respond to routine problems and assist in inventory counts,
- Responds to ER situations and works on an on-call rotation as required for after hour call outs.

The successful candidate should possess the following qualifications:

- Effective time management with a clear focus to attain results,
- Able to manage priorities and solve problems,
- Self-motivated and reliable,
- Demonstrates strong leadership skills,
- Strong troubleshooting skills,
- Demonstrates a strong technical sense and understanding of equipment operations and maintenance,
- Shares in Fast Genetics core values,
 - **Integrity:** to be honest with our customers and ourselves and to maintain high ethical principles.
 - **Respect:** for our people, our pigs, our customers and the environment in which we work.
 - **Innovation:** to always seek new and creative ways to improve our products and services for our customers.
 - **Excellence:** we will do what it takes to get the job done right in an effort to exceed customer expectations.

Salary will be based on the successful candidate's experience and qualifications. Fast Genetics offers a comprehensive benefit plan including health, dental/ortho, vision, disability, group life insurance, and a registered pension plan.

If you are interested in this opportunity, please apply by June 23rd, 2017 by sending your cover letter and resume to:
