## **FAST GENETICS HIRES ADAM CAMPBELL AS ACCOUNT MANAGER**

**Ames, Iowa (January 17, 2018)** – Fast Genetics hires Adam Campbell as an Account Manager to service the U.S. Eastern Corn Belt.

Former Sales and Business Development Manager of a swine genetics company and Farm Manager of a 5,500 sow farrow-to-wean operation, Mr. Campbell brings genetic sales and production experience to Fast Genetics' team. He obtained a Bachelor of Agriculture, majoring in Agribusiness and Applied Economics from Ohio State University.

Located in Southwest Ohio, Mr. Campbell will be responsible for expanding Fast Genetics' sales in the Eastern Corn Belt region. He will report to Mr. Tim McCammon, Fast Genetics' Senior Account Manager. His inclusion will add further depth to the U.S. sales team and position Fast Genetics for market expansion. Fast Genetics will continue to add highly respected and talented individuals, like Mr. Campbell, to its team in the near future. Fast Genetics is excited about Adam Campbell's inclusion to its team!
