

Swine Production Technician

Fast Genetics is a global leader in the pig genetics business, leading the industry in supplying its customers with healthy and world-class performing breeding stock. Fast Genetics owes much of its success to its progressive, enthusiastic, and professional team of employees. Fast Genetics is currently seeking a highly motivated person to fill a full-time position of a **Swine Production Technician** in the Spiritwood area.

This position will include the following responsibilities and day-to-day functions but is not limited to:

- Performing specific department duties,
- Ensuring proper health, handling, and comfort of animals; ie: daily health checks,
- Carrying out daily care routines,
- Weigh, sort and move pigs,
- Ensuring feed and water systems are working properly,
- Monitor and maintain proper ventilation and temperature using automated control system,
- Performing minor maintenance tasks,
- Power washing empty pens and prepping rooms for animal entry,
- Keeping accurate records on all animals as requested; ie: pig identification,
- Working in a safe manner while performing all job duties,
- Ensure the barn's biosecurity protocol is followed by all staff and visitors,
- Performing other general farm duties as required.

The successful candidate would ideally possess the following qualifications and experiences:

- Self-motivated and reliable,
- Team player,
- Outstanding organization and communication skills and demonstrates attention to detail,
- Able to manage priorities and solve problems,
- Previous livestock experience,
- Driver's license,
- College certificate or other specialized training in agriculture or livestock husbandry with 1-2 years of experience would be an asset, but not a requirement, as on the job training is provided,
- Shares in Fast Genetics core values,
 - **Integrity:** to be honest with our customers and ourselves and to maintain high ethical principles.
 - **Respect:** for our people, our pigs, our customers and the environment in which we work.
 - **Innovation:** to always seek new and creative ways to improve our products and services for our customers.
 - **Excellence:** we will do what it takes to get the job done right in an effort to exceed customer expectations.

Wages range from \$12.50 - \$19.50/hr and is based on the successful candidate's experience and qualifications. Fast Genetics offers a comprehensive benefit plan including health, dental/ortho, vision, disability, group life insurance, and a registered pension plan.
