

## **FAST GENETICS HIRES THOMAS GILBRAITH AS MANITOBA ACCOUNT MANAGER**

Fast Genetics is pleased to announce that Thomas Gilbraith has been appointed as its newest Account Manager for Manitoba. He will be responsible for maintaining current clients and developing new relationships throughout the province.

Thomas has a diverse portfolio of over 13 years of experience in many facets of agricultural operations including manufacturing, distribution, logistics, and procurement; knowledge complemented by a deep familiarity of agricultural lending products and programs.

Recently, Gilbraith served as the Chief of Staff for the Government of Manitoba's Minister of Agriculture. There he was responsible for fostering strong working relationships with key stakeholders, as well as eliminating red tape in several areas, including building codes on new barn builds for the pork industry. Through this role he developed stronger relationships and knowledge of the Manitoba pork sector.

Thomas grew up on a dairy farm in Manitoba after his family moved to Canada from England in 1992. He then graduated from the University of Manitoba with an Agriculture Diploma in 2007. Thomas, his wife Lindsay, and two children, now live in Selkirk, MB. In his spare time, you can find him chasing his kids at hockey or ringette, and he also enjoys curling, fishing, and hunting.

We are very excited to welcome Thomas into the Fast Genetics family and believe his experience, involvement, and education in the industry will most definitely be an asset for our team.
